

MIDDLEBURG, CASEY COUNTY.

—Squire John T. Ford said the words Sunday at Mr. R. J. Hogue's, that made "Jeems" Nathan Foley and Miss Priscilla Hogue, husband and wife. As both sides of the house are strong democratic you can safely guess what the harvest will be.

—Mr. Elbert Wells, a Colson republican, agreed with Quince Stone, a red hot democrat, that in case Stone is elected, to furnish 10 pounds of powder and anvils and allow Quince to burn it in his (Wells') yard. We sincerely hope Mr. Jones will have the satisfaction of doing so.

—If matters continue as they have been for several weeks, the post office department had as well discontinue this office for the good it does those who get mail here. Three days last week we had little or no mail, and it has been more or less that way for several weeks. Frequently, the INTERIOR JOURNAL due here on Tuesday reaches us on Thursday, and other papers due here are equally late in coming. The mail route for some years has been from Kingsville to Yosemite and the mail has been carried by the train on the Kentucky Southern. The train on that road at present runs tri-weekly, i. e. it goes up one week and tries to come back the next and we fear there is some carelessness somewhere along the line. Our mail should come direct from McKinney, our people are getting very tired of the present arrangement and some of these days Postmaster Denham and about 40 others are going to get mad and somebody is going to smell brimstone.

MATRIMONIAL MATTERS.

—M. O. Parrish, aged 71, and Mrs. Elizabeth Grimes, aged 63, were married near Winchester last week. The groom is a wealthy farmer of Clark county.

—Mr. L. A. Smith, 21, Miss Laura Singleton, Crab Orchard, came down Monday night and were married at the Carpenter House by Elder W. E. Ellis.

—Hon. Edward Douglas White, associate justice of the U. S. supreme court, was married to Mrs. Virginia Montgomery Kent, at the Jesuit church of St. Francis Xavier, New York City, Monday. Judge White was recently appointed to our highest court by President Cleveland.

—At a strawberry festival in the Freeport, Long Island, church, Miss Luella M. Mueller was one of several women who sold kisses for 50 cents each, the proceeds going towards the church funds.

—Wm. Corning, of Freeport, invested 50 cents and kissed Miss Mueller. The acquaintance thus begun was continued until, according to Miss Mueller, they became engaged. Later Corning's father died, leaving him a fortune. As Corning delayed the marriage, Miss Mueller finally became convinced that her lover intended to discard her altogether and she has brought suit for breach of promise.

The highest bridge of any kind in the world is the Loe River viaduct, on the Antofagasta Railway, in Bolivia, South America. The place where this highest railway structure has been erected is over the Melo Rapids, in the Upper Andes, and is between the two sides of a canon, which is situated 10,000 feet above the level of the Pacific. Counting from the level of the stream to the level of the rails, this celebrated bridge is exactly 936½ in height. The length of the principal span is 80 feet, and the distance between abutments (total length of bridge) is 892 feet. The largest column is 314 feet two inches long, and the batter of the pier, what is known to bridge-builders as "one in three." The gauge of the road is two feet six inches, and trains cross the bridge at a speed of 30 miles an hour.

—In 1887 the population of Russia, as officially reported, was 102,000,000. It is now probably 125,000,000, or almost double the population of the United States. The Empire in acreage more than corresponds with this enormous population, yet it has no constitutional Government. It is ruled virtually by one man, and he proclaims his successor.

Alas! one narrow line is drawn,
That links our sunset with our dawn;
In mist and shade life's morning rose,
And clouds are round it at its close;
But, ah! no twilight beam ascends
To whisper where the evening ends.
—O. W. Holmes.

Henry Wilson, the postmaster at Welshton, Fla., says he cured a case of diarrhoea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can be depended upon. When reduced with water it is pleasant to take.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism; his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catwallow, O., had five large fever sores on his leg; doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by A. R. Penny, druggist.

HUSTONVILLE.

—The big meeting is progressing finely and is doing considerable good. There have been 9 additions, all by baptism. Much interest and enthusiasm is being manifested and all will regret to see it close.

—Dr. Riffe, who has had a slight attack of scarlet fever, is out again. There is now only one case of it in town and those who expect an epidemic need have no fears, as there is no cause for alarm.

—The Hustonville Hunting and Fishing Club are rigging up poles, reels and guns for their annual Fall trip to Green river. Carroll Reid and J. G. Weatherford will be over to go with them and they say they are going to slay black bass and partridges by the wholesale. The club has some crack shots and expert anglers and if they don't do what they say, it will be because they don't want to. They expect to have a good time in the mountains, "where the lion roareth and the whangdoodle mourns his first-born," and also promise to tell one truth each on their return.

—The election is over and we have a town full of sore people. Hustonville did her part, however, for the beaten candidates. In the race of a year ago for the Legislature precincts Nos. 1 and 2 only polled 189 votes for the three candidates, Helm, North and Chappell. Tuesday they polled 286 for Cooper, 271 for Kennedy and 271 for Givens, giving them a majority of 100, 82 and 76 respectively in the two precincts. Paxton received 264 votes and McCreary's plurality was 24. Jim DeVers beat D. J. Newbern in the marshal's race by 14 votes. The republicans are highly elated over their victory, as it surpassed their most sanguine expectations. We have not only the loss of three county officers to mourn, but also the loss of Wilson, Owens, McDermott, Hill and many others. How true was the prophecy which said "the low shall override the high."

Mrs. Lucy Tate Payne, of Boston, has been the guest of Miss Dollie Williams, as also has Mr. J. S. Kennedy, of Richmond, and things begin to take a serious hue. Miss Bertha Morse has returned from a lengthy visit in Northern Kentucky. Miss Miss Louise Kauffman, of Lancaster, is visiting relatives here. J. M. Alverson, of your force, was up courting Sunday. Will King, who went to Louisville, about a week ago to see about securing a position, is back, which fact will make certain young ladies' hearts beat gladly. George D. Weatherford is up from Somerset spending a few days with his mother.

—An editor was praising the women and he said: "The women are the heart of everything we know of. They are the centre and all things revolve around them. Annihilate them and how things would career, collide, jam, topple, smash, and the voice of chaos be heard bellowing through the universe!"

—For a town not yet six months old, "West Beach, on the shores of Lake Worth, Fla., shows a remarkable development. It became a community of nearly 800 people within six months of the time its first business structure was built."

—A pair of hounds in Hardin county, were set on the trail of a thief one afternoon, recently, and, after following it five miles, ran into a house upstairs and into a bed in which the thief, his wife and two children were asleep.

—Whitcaps are reported to have lynched Gabe Nalls and his son Ulysses, believed to be members of the Berry Rich gang of barn burners in Crittenden county.

—Over 400 diamonds are known to have been recovered from the ruins of Babylon. Many are uncut, but many are polished on one or two sides only.

—A 2-year-old son of John Reed, of Chestertown, Md., fell in a sloop barrel and was drowned.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family would not be without it, if procurable. G. A. Dykeman Druggist, Catskill, N. Y., says that Dr. King's New Discovery is used in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottle free at A. R. Penny's Drug Store. Regular size 50c. and \$1.00.

W. A. McGuire, a well-known citizen of McKay, O., is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having a gripe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure.

—Roberts carries this county by 250, a falling off from the usual republican majority. In the race for county judge, D. P. Bethurum gets in by 124 over George Fish, democrat. Livingston and Broadhead districts elect democratic magistrates, thereby making a tie with the republicans, two magistrates to each party in the county.

—Jerry Bullock and son, who were so badly injured in the boiler explosion Wednesday morning, died Wednesday night. One of the other victims, Frank Renner, is at the point of death. Mr. Bullock was hurled some 30 feet and his son was thrown probably 50 feet from the boiler into some brush, where he was found some minutes afterward.

—The protracted meeting which was conducted by Elder Taylor, of Louisville, was generally pronounced one of the best ever held here. The preaching was not sensational, but the kind that strengthens the Christian in his faith and draws the members closer together in brotherly love. The people gave a substantial testimonial of their appreciation of Bro. Taylor's efforts.

—Mr. Williams, the pension examiner from Washington, is still here. Mesdames Ollie Cass and Kate Sharp, of Broadhead, visited Mrs. Nannie Albright this week. Miss Nancy Kennedy has been ill. Rev. —A frightful boiler explosion occurred nine miles south of this place Wednesday at a small grist mill owned by Wesley Mink, by which Will Mink was killed and five persons more or less injured. Jerry Bullock and son were fatally injured. Frank Renner had his upper jaw broken; Wesley Mink was blown some distance and seriously hurt; Porrick McPherson had his left foot torn off and will probably die. A boy was firing the boiler, which was an old one that had gone through a still house fire and steam was up to 150 pounds when the explosion took place. The feed pipe had become clogged with leaves and the pump fail to work, and when it did start the cold water forced into the almost empty boiler caused the explosion.

The press speaks in highest terms of the lectures of Dr. Madison C. Peters. The following will show how they run: Apt, striking, humorous, eloquent, and replete with good sense. The lecture was listened to with the profoundest attention, and the large audience showed their appreciation of the happy discourse by good rounds of applause.—Pottsville Miners' Journal.

For a pain in the side or chest there is not a good as a piece of flannel dampened with Chamberlain's Pain Balm and bound over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back.

—Miss Bernice Hamilton, of Newburg, is visiting Miss Nellie Marks on Stanford street. Little Bessie Batson has recovered sufficiently to be out. She has had a long and dangerous attack of typhoid fever. Mr. and Mrs. R. E. Hughes, of Lawrenceburg, have been visiting their parents this week.

—While the interest in Tuesday's election was at a white heat in this county, yet there were no serious personal difficulties. It will be seen from the following report that a good deal of "scratching" was done. Gov. McCreary, for Congress carries the county by 63; R. A. Burnside, republican candidate for county judge, is elected over J. S. Robinson by 106; John M. Duncan, republican, carries the county by 80 over Tom Wherritt for clerk; T. B. Robinson, democrat, beats R. S. Brown for sheriff by 59 votes; Clell Johnson, republican, received 14 more votes than Letcher Owsley for attorney; J. N. Denney, democrat, beats John Boner 16 votes for assessor; Rice Benge, republican, received a majority of 27 over S. D. Rothwell for jailer. There may be a little difference from the foregoing statement, but is as near correct as can be given at present.

W. P. WALTON.

The political cyclone which swept the country Tuesday was the result of democratic incompetency and the failure of its leaders to comply fully and as quickly as possible with the promises upon which they were elected. Had Congress passed a tariff bill, such as the people demanded, within a month or two after they got possession of the two branches of the government, instead of keeping the country in suspense for nearly 18 months, there is hardly anything so sure as the endorsement of the action by the people would have been. But they dilly-dallied, fiddled like Nero while Rome burned, and permitted the bad condition of the country's business and finances to grow worse and worse. They are not, of course, responsible for the panic; that was a legacy from the Harrison administration, but did prolong it till the patience of the people was exhausted, and they arose in their might and drove the unworthy and time-serving servants into outer darkness, where they can chew a file and gnash their teeth. It is a pity that all have to suffer for the sins of the few, but it was ever thus in this sin-cursed world, and while it is childish to cry over spilled milk, we can not help shedding a tear or two over the calamity that has befallen the country from one end to the other. There was hardly ever anything like the land slide. Two years ago the democrats elected a Congress with nearly 100 majority in their favor. Now the figures have been almost reversed and unheard of republican majorities are reported from nearly every State. The lesson is a severe one, but if it is heeded, it may not be in vain. Democratic principles have survived for 100 years and they will outlive the base failure of those who profess them to maintain and promote their everlasting truths.

It was rather expected that Tuesday's battle of the ballots would result in many surprises elsewhere, but no one, not even the most sanguine republican, realized what a storm was brewing in the grand old Commonwealth. Five republican Congressmen are elected sure, Dr. Hunter in the 3d, John W. Lewis in the 4th, Walter Evans in the 5th, Sam J. Pugh in the 9th and D. G. Colson in the 11th. It was at first thought that Denny was elected in the 7th, but thank goodness the country will be spared the spectacle of a bull in a china shop. Denny would be as much out of place in Congress as taurus in the other place. Owens majority is, however, only 119 to the dishonor of such democrats, he said. The democratic Congressman-elect in addition to Owens, are our own James R. McCreary by some 1,200; John K. Hendrick in the 1st, Dr. Clardy in the 2d, Joseph M. Kendall in the 10th and A. S. Berry in the 6th. Judge W. M. Beckner, democrat, is elected for the unexpired term in the 10th over our former countyman, John L. Bosley. If this kind of thing keeps up which praise God it can't, the ambition of our friend, Col. W. O. Bradley, to break into the governor's mansion may be realized. At any rate he will take fresh courage and buckle his armor more tightly on.

This high priest of tariff reform goes down with the rest. Congressman Wilson is defeated and so are the other three democratic candidates for Congress, making a solid republican delegation. This is bad enough, but it is not all. The Legislature, which will elect a U. S. Senator, is also republican. Verily the tail goes with the hide.

This lovely, beautiful and accomplished editress of the Grayson Republican charge us with being a Brooklyn editor. We might retort and charge that the aforesaid editress are Miss P., but we are too much of a lady to do so.

It is well Grover issued that thanksgiving proclamation in advance of the elections. He and his party have little to be thankful for now, except that they are alive, and that is poor consolation in these evil times that have come upon us.

GEORGE DENNY will contest. Of course he will. That's easiest way he can make \$2,000. He would have contested, if he had been beaten 5,000 votes.

—Mrs. Mary Barton Fox, wife of Judge Fontaine T. Fox, died Tuesday in Louisville, after an illness of about two years. She was 36 years of age and leaves besides her husband several small children to mourn her untimely end.

—All telegraphic wires in Massachusetts being broken by storm, the Associated Press Tuesday handled its election news by cable from Boston to Nova Scotia and thence by land wires through Canada to New York.

—Col. R. J. White died near Richmond aged 66 years, of general decline. He was once State Senator and the wealthiest farmer in Madison county. He leaves a wife and four children.

—Boley Price was shot and instantly killed at Mayfield by Policeman Stockdale, with whom he had had previous trouble.

—The incoming class at at Hampton Normal and Agricultural Institute numbers about 120 negroes and 30 Indians.

POLITICAL SHEOL.

That's the Size of It All Over the Country.

The Republicans Take The Tail With the Hide.

Everything Is Lost, Honor Included.

The republicans claim 100 majority in the next House.

Pennsylvania and Michigan elect only one democrat apiece.

The report that Kendall is beaten in the 10th Kentucky, not authentic.

Even old Virginia went hell, West and crooked, losing two or more Congressmen.

Illinois republicans elect 16 Congressmen and both branches of the General Assembly.

Both Congressmen from Delaware will be republican and the Legislature is of the same party.

Even Missouri goes to the dogs. Republicans elect entire State ticket and six Congressmen.

Wyoming elects a republican Legislature, which insures two republican Senators from that State.

The republicans gained one Congressman in Nebraska, but the fusionists elected their candidate for governor.

The republicans gain two Congressmen in New Jersey and elect a Legislature which is to choose a United States Senator.

The solid South is badly broken up. Evans, republican, is elected governor of Tennessee and a republican Congressman or so is gained.

The three democratic members of the present ways and means committee, McMillen, Turner and Tarsney are the only ones re-elected.

Michigan elects a republican State ticket by probably 40,000 and the democrats are only sure of one Congressman instead of the five they now have.

D. G. Colson is elected probably by 3,000, though Mr. Stone says it won't be over 1,000. Col. Adams, polling so tight a vote, is what beat Stone.

The entire democratic ticket was defeated in Bell by 200 to 400. Mr. O. V. Riley, who married in this county, is among the left. Colson carried the county by 600.

The republicans elect Greenhalge governor in Massachusetts with an increase of 10,000 in majority, and the Congressional delegation is likely to be solidly republican.

The Ohio delegation in Congress will stand 19 republicans and two democrats, instead of 10 republicans and 11 democrats as at present. Sorg is re-elected, but Tom Johnson is snowed under.

The present House stands, democrats 219, republicans 127, populists 10; democratic plurality 92, majority over all 72. The next House will stand just as the thieving will of republicans may elect.

Illinois republicans have probably elected 16 Congressmen and both branches of the General Assembly. Cook county has gone about 15,000 republican. Indications point to a republican majority of 100,000 in the State.

Senator Faulkner, chairman of the democratic Committee, concedes the House to the republicans by 65 to 70 plurality. The Senate will not be republican, he says, unless Harris, of Tennessee, is defeated, or unless Puffer votes with the republicans.

Hon. Tom Johnson, W. L. Wilson and W. M. Springer, Messrs. Cooper and Holman, of Indiana, Sickles and Cummings, of New York, and probably Hatch and "Silver Dick" Bland, of Missouri, are some of the prominent democratic Congressmen, who caught it in the neck.

Hill went down in New York under an avalanche of 150,000 majority against him, and in favor of Vice President Morton. Tammany was ripped up stem and stern and 31 out of 34 Congressmen in the State will probably be republican. That party also carries its constitutional amendments and elects a big majority of the Legislature.

With the exception of Judge S. B. Toney for judge of court of appeals, John R. Pflanz for sheriff, W. P. Johnson for county clerk and A. W. Randolph for county surveyor, the democratic ticket in Louisville and Jefferson county was beaten and in many cases very badly. Pflanz won by 3,357 votes, but Judge Toney by only 30. McDermott was beaten by 4,596 votes, Evans getting 21,132 and McDermott 16,536.

McCreary's majorities are: Boyle 257, Garrard 63, Lincoln 27, Anderson 257, Jessamine 135, Madison 250, Shelby 550, Spencer 464 and Mercer 41, total 2,213. Roberts carried Rockcastle by 250 and Jackson 345, leaving McCreary's majority over him of 1,513. The prohibitionist and populist weren't in it a little bit. The governor's majority in 1892 was 1,621, so it is seen that he is not much affected by the tidal wave. The people can't be made to go back on him.

Boyle gives McCreary 1,257; Roberts 1,002; McCreary's majority 257. This is a democratic gain of 10 and a republican loss of 142 over 1892. Free-win, for county judge, defeated Crawford by 263 majority. Other democratic county officers are elected as follows: Harding, county

attorney; Shumate, jailer; Nichols, clerk; Baughman, sheriff; Hocker, assessor. One reason for the decrease in the republican vote was that a great many negroes stamped the ballots under the phonix the prohibition device, thinking it was the eagle. Boyle only expected to give McCreary 100 majority.

Yesterday's Courier Journal continues the doleful story as follows: In New York the republicans have counted up to a plurality of 153,442. Wisconsin sends a solid republican delegation to Congress. So does West Virginia. Tennessee democrats are claiming a small majority for their State ticket. The Texas delegation will contain several populists and republicans in Congress. South Carolina sends one republican. The republicans seem to have North Carolina. They made a clean sweep of the Indiana congressional districts. In Pennsylvania they have 233,378 majority, with six counties to hear from. They gained 32,109 in Massachusetts. Only two democrats back to Congress from Ohio. And so on down the line. Our one unimportant crumb of comfort in that we have probably elected a democratic State ticket in California.

—A horrible murder was discovered near Paulding, O., when the bodies of two children, aged six and nine years, were found, one completely decapitated and the head of the other almost severed from the body. A youth of 18, arrested as a suspect, has been removed to an adjoining county for fear of mob violence.

—Michel Copezzato, 33 years old, an Italian, fired three bullets into his wife, Anna, aged 22, in New York. —At Deatsville, Ala., Miss Lasium, a young woman of high standing, gave birth to a child. The guilt was fixed upon a young man named Walls, who lives in the neighborhood. A cousin of the woman, also named Lasium, determined to redeem the honor of the family. He got a shot gun and fired on and killed Walls, as he drove along the road. He then murdered his cousin and escaped.

Waldo J. a green California pacer, sold for \$60 when a yearling, is now 4 years old and can pace a mile in 2:09 or better, it is said.

Jockey Cherm is perhaps the greatest lover of chewing gum on a race track. The boy says he cannot ride a successful race without gum in his mouth.

Rubenstein, 3:08 1/2, was sold at public auction last year for \$3,500; Baronet, 2:11 1/2, brought \$3,000, and Baron Raguet, 2:18 1/2, sold for \$1,925. Four times those prices would not buy them today.

BOB WHITLEY, one of the few democratic darkies in this county, couldn't stand to hear the republicans crow over their victory and has left the county. He is now porter for the Newcomb Hotel at Mt. Vernon.

It is said that the republican liars made the blind negro pensioner at Turnersville believe that if the democrats were victorious this time his pension would be taken from him, so he ponied up \$75. He can afford it, though, as he gets \$72 a month.

CULHANE'S MINSTRELS played to rather a top heavy house Wednesday, the democratic theatre goers being too much cast down even to enjoy a laugh. There were some excellent features and the usual dreary ones, the performance averaging up hardly with the general run.

NOTICE.—To the prohibitionists of Lincoln county: The friends of prohibition are requested to meet next Monday (county court day) at 1:30 p. m. at the court-house in Stanford. Business of importance to be enacted and a full attendance from all over the county is requested. J. K. VanArsdale, chairman.

THE lecture course will embrace four lectures as follows: Rev. Madison C. Peters, Nov. 10; John R. Clark, Jan. 14; M. W. Howard, Feby. 14 and David H. Shields, March 12. The admission to each lecture will be 50 cents, but by buying a season ticket for \$1.50, you save the price of one admission. The lectures are all first-class and it will repay any one to hear them. Don't let the club have to hold the bag again.

THE circuit court term will expire tomorrow. Owing to numerous hung juries it has not been fruitful of results and so far but one man has been sent to the penitentiary, while possibly one or two ought to have been hung. Ike Logan, the negro boy who shot at Mr. W. E. Amon when he caught him stealing his chickens, was sent up for five years. Ike has been peculiarly peevish, having been charged with nearly every crime in the category, except murder, and he will leave his county for his county's good. The case against John Belden for shooting at Mr. Wilcher was continued till the next court.

THE only row resulting from the election, and that fortunately did not amount to much, occurred at Kingsville. John M. Johnson, who got beat for the democratic nomination for assessor and went over body and soul to the enemy, thereby proving that he was a democrat for revenue only, was particularly offensive in his demonstrations over the receipt of the election news and in his girations jumped upon the feet of some of the democrats who were in the house. This kind of treatment was resented and but for cooler heads, Mr. Johnson would have suffered severely. For a time the air was pretty blue and things looked squally, but it ended without any broken heads or noses.

A HIGH HANDED PROCEEDING.—Boss Davison, who thinks he has everything in his sling now, headed by some of his henchmen, went to the clerk's office Wednesday and demanded that the poll books be taken to a bank vault and locked up, thereby reflecting upon the integrity of officials, who are above reproach. Sheriff J. N. Menefee, who knows his duty and dares always to do it and maintain his rights, became much incensed at the cheek and gall displayed by the little boss and told him and his minions that they could wait till their time came to take charge of affairs and that the law requiring that the books shall be kept in the custody of the clerk, they should thereupon retired. The crestfallen crowd thereupon retired. Dishonest people are suspicious of everybody and this may account for this very extraordinary demand, which was so promptly resented.

Mack and Jim Moore were tried in several cases yesterday and acquitted. They proved that the prosecutions were malicious.

THE SLUMP AT HOME.

Republicans Elect County Judge and Assessor.

The Democrats Hold On to Attorney, Sheriff and Jailor.

The Clerk's Race Is In Doubt.

The yellow dog democrats did it.

Gov. McCreary's majority is reduced to 27 in Lincoln county, to our shame be it said.

The negroes and the lowest element of the "white trash" are on top with a vengeance.

Thomas Gooch was elected constable in the Hustonville and T. J. Benedict in the Stanford districts, both democrats.

It is as well to laugh as to sighing, but it is tough, very tough; sufficiently so to almost warrant the use of a cuss word.

The former democratic workers and whoopers-up were conspicuous for their silence. Everybody seemed to be dazed.

Thomas W. Napier, in the Crab Orchard district, and Jos. Kuntz in Waynesburg, both republicans, were elected constables.

The official count will be made to-day. We have the figures from all the precincts but reserve their tabular form till they are pronounced correct.

All is lost save honor and the so-called democrats, who voted in the primary and then went back on the ticket, lost that too, if they ever had any.

The republicans elected John Edmiston magistrate in the Crab Orchard district by 60 and A. G. Faulkner in the Waynesburg district by 86.

Thomas D. Newland maintained his reputation as a runner. His majority of 148. There's no use in trying to beat your Uncle Thomas. "It can't be did."

John Bailey and W. L. Dawson, democrats, were elected without opposition by the usual vote to be magistrates for the Hustonville and Stanford precincts, respectively.

The numerous prohibition fights in this county is what has gotten it out of political shape. With that question relegated to the rear for the present, our people will possibly return to their senses.

The returns as received give six for Cummins but we believe the official returns will show the election of Cooper. Enough illegal votes are known to have been cast, to more than discount the slight majority.

Bully for the old Confed. The rascals tried hard to beat old man DeBorde, but he got there in good shape and the mean white and black republicans will furnish him boarders at the jail for the next four years.

The following which was known as the wet ticket was elected at Rowland: For police judge, W. C. Barnett; marshal, T. D. Martin; councilmen, Wm. Bunn, John W. Flowers, Alfred Haley, Wm. Tapp, Harry Dann.

The returns show that Davison is elected county judge by about 160 and Terry assessor by 24. The republicans claim the election of Cummins by 9, but we hope and believe that the official count will show that Cooper is elected.

History repeats itself. Twenty years ago this summer Lincoln county went republican about as it did this time, at least the republicans and independents got three offices then as now. The same causes seem to have led to defeat in both years.

The boss has a majority of the fiscal court, including himself, and he can now make good his promises to pay his followers for working on the roads. There will be a great deal of so-called working on roads now. It will be a very nice way to put in idle time at the expense of the county.

In the sheriff's race in the primary there were 1,953 votes cast. In the final round only 1,437 remained faithful to the obligation that a vote in the first election imposed. The others proved traitors. It would not have been so but for the secret ballot, a convenient refuge for cowards and bolters.

There is hardly a doubt that 100 or more negroes from Boyle and Garrard were brought here to vote. The reduction of the republican vote in Boyle shows that and those who are well acquainted with the negroes of this neighborhood says they never saw so many strange ones here before.

If those smart Aleck democrats who prophesied defeat so volubly had talked less and worked more, the result might have been different. The constant talk that Giyens and others would be defeated operated to that end. There are always men, who watch such chances and try to get on the winning side.

Boss Davison says the INTERIOR JOURNAL did it with its little pictures. If this be true what is he crying about? Why doesn't he give thanks to whom thanks are due? If we did it we want some of the usufruct and now make public application for the position which we will assume, even if not appointed, of seeing that he keeps officially in the middle of road.

We are decidedly of the impression that Boss Davison is an entire stranger to truth, that he wouldn't know old man Honesty, if he were to meet him in the big road, and that he is all things to all men, but we have never been rash enough to say that he is a fool. On the contrary he is smart, devilish smart. In other words, he is a slick duck and has

the happy faculty of knowing exactly when to strike. For a man of his humbleness of origin, it is no small thing that he has been elected legislator and judge in a county always counted strongly democratic, besides holding the office of master commissioner. They say it is a fool for luck, but not so in this case.

LOADED SHells, leggings, hunting coats and vests at W. B. McRoberts.

Two cottages on Whitley Avenue for rent at \$6 each per month. Miller & Helm.

For horse blankets, lap robes, double or single harness, saddles, bridles, or any kind of horse goods, go to Yeager & Yeager, the livery men.

EIGHTEEN customers were waiting at Wilkinson & Wilkinson's barber shop the other day. Why is this? Because they are professional barbers and know their business.

HURRAH for Boyle! She presents about the only rift in the black cloud that has enveloped the country. Mr. S. V. Rowland sends us word that he lives in a democratic county. Wish to the Lord that we did.

THE Caledonians will leave off the debate at their open session at the court-house Saturday night, but the program below will prove that the meeting will be none the less interesting. Danks' Orchestra will furnish music for the occasion and the members of it are practicing nightly for it. Mr. W. H. Shanks is down for a recitation; Miss Mary Cowen, for a solo; Mr. Samuel W. Menefee will be the orator of the evening, pretty little Maud Varon will entertain the audience with a recitation and so will Miss May Hughes. The female college quartette will render one or more vocal selections and other features will be added to make the evening a pleasant one.

The Chicago Daily News says: Harry Doll and his jolly Company of Comedians opened a week's engagement at the Alhambra Theatre to standing room only. The Company ranks among the best, and the play is one of the best of its kind that has visited Chicago for some time.

If You Want a Range

To bake, to roast, to broil, to toast; To boil, to stew, for many or few; To last, to please, to work with ease; To lessen care, give better fare; To save food, give a better mood; To save worry avoid hurry; To give plenty of water, and make it hotter; To save time—then heed this rhyme. And buy the greatest of all and only Steel and Malleable Iron Range, Majestic; and after using, stop abusing the man that made the cast-iron stove.
